

## Spooky Season

The seasons are changing, but don't let that scare you. Since our last email: we've met, we've camped, we've trackday'd, and we've cornered. Between East and West side meetups, a cozy little camp 'n' brap in the Tillamook forest, 2nd Sunday ride on Hwy 224, the last Motocorsa track days of '24, a cornering clinic, and Ducati's announcement of new Multi V4 and Scrambler models; the oversized cappuccino cup of happenings runneth over.

Now October is here, [hoa hoa hoa](#) is in the air, and vampires sparkle. It smells like apples, pumpkin spice, and vitamin D supplements. The weather dice are rolling. Are there another 4 weeks of crisp mornings and warm afternoons? Will rain have us carving pumpkins instead of canyons? Is the weekend forecast more of an aspirational vision board than something that can be counted on? If you have the answers, please share them with the class because this email doesn't have them.

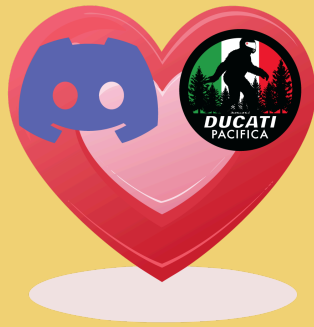

Speaking of answers, we want YOURS! The DucPac 2025 planning meeting will be kicking off sometime between now and the future. The DucPac Board and Officers would really appreciate it if you would take a few minutes and fill out our [10-question member survey](#) to help us review the year and start thinking about the next. Something about counting towards their

Hate forms? Feel too much like the engagement survey your employer makes you fill out every year? Talk about it on [Discord](#) and feed your procrastination. Big feelings and Ducati rumors, rides and hangouts, impromptu meetups, questions about life, the universe, and everything, all this and more can distract you from work. Join us.

## The Finish Line

Put more moto in your life. Beyond the events above don't forget that we're in new bike announcement season. Ducati has more in the queue with the "[Celebratory Beauty](#)" announcement on October 17th and still more in

November leading up to EICMA. There's a whole thread on Discord guessing at what's coming.

Coming in hot next month, a contingent of DucPac will be getting slideways in Elma, WA with [American Supercamp](#) for flat track school. As of this writing there were two seats left for the non-racer school we're attending on Nov 8th/9th, and 22 for the "combined" class on the 10th/11th. This is a great opportunity to get in some training.
