

## February Dispatch

We're coming off the long, sweeping back straight of January, trail braking hard into the left/right transition of turns 7 and 8. Maximum focus driving past the turn 9 apex – knee firmly down – rolling on the throttle to the February straightaway, the front wheel lofts a few inches off the ground as the revs climb. This is your February Ducati Pacifica Dispatch. Settle into the front straight and watch the shift indicator as we race towards spring.

## RECAP

January saw our first ever SyKart takeover. Around 50 of our members, family, and friends descended on the Tigard indoor kart track for a few hours of out of the weather racing and requisite participation awards. The crew there loved having our group, possibly their largest ever, of passionate motorsports enthusiasts who all brought their own helmets. There were some organizational lessons learned but the response has been so incredibly positive that we're likely making this an annual event. That's just

word of mouth feedback though; hold the mic up to the speaker and give us MORE by dropping your input into the survey [here](#).

Throughout the first month of the year, while some were appreciating the uncharacteristically sunny weather, going at life without any non-medicinal chemical buffers through Dry January, or not getting concussed (MIKE!), our Dear Leader and EI Presidente was busy at work.

Delving deep into the mystic lands of Ducati's DOC management platform, evaluating memberships, gathering information, preparing reports, checking boxes, clicking next, and sending verifications, he worked to ensure our continued affiliation with Ducati.

Thank you, Tamer, for your work, and congratulations to everyone enrolled in the club in 2024—you're still enrolled, and you didn't even have to do anything! 2025 DOC Affiliation achieved! HUZZAH! 🎉

## THE FINISH LINE

---

That's it. It was a long one this month and we haven't even scratched the surface as we approach spring. Honorable mentions;

The [PDX Motorcycle Film Festival](#) came and went last month and brought some phenomenal work. If you're looking for some quality moto content to consume while we wait for GP to pick up, check out their film list. Highly recommended are the ESPN 30 for 30 short [Motorcycle Mary](#) (23 min) and the festival short film winner [DesertX Rally NORRA Mexican 1000](#). Congratulations and props to everyone involved.

[The One Moto Show Vegas](#) is happening this Friday/Saturday and it's not too late to hop a last minute flight down there for the party.

Also just appearing on our radar, dates and locations for the [PNW Grand Tour 2025](#) are up. There are seven Ducati riders signed up all ready, if you're one of them we'd love to hear about your plans!
